EXAMINER'S REMARKS

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 13 APR 2006 has been entered and considered.

Drawings

2. The drawings were received on 8 SEP 2004. These drawings are approved.

Allowable Subject Matter

3. The following is an Examiner's Statement of Reasons for Allowance:

Upon reconsideration of the claims filed 13 APR 2006 as mandated by the filing of the RCE, the claims are deemed allowable over the prior art of record, particularly the patent to TRAWOGER et al. '282, because TRAWOGER does not teach or suggest the recited structural relationship between the receiving space of the rotor and the surface of the pumping member (see the last two lines of amended claim 10 and Figure 2 of the instant application). In TRAWOGER, the rotor and pumping member are axially spaced or separated as seen in Figure 4. No portion of the pumping member extends into a

space of the rotor. Newly presented claims 19-20 are supported by the original disclosure as explained by Applicant in the remarks on page 7 of the response.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles E. Cooley whose telephone number is (571) 272-1139. The examiner can normally be reached on Mon-Fri. All official facsimiles should be transmitted to the centralized fax receiving number 571-273-8300.
